

Jim Corbett

28th - 31st January 2026

Dhikala

Nestled in the heart of Jim Corbett National Park, Dhikala is the ultimate wildlife destination. Known for its open grasslands, river views, and dense sal forests, **Dhikala is a haven for tiger sightings, making it the prime zone for tiger safaris.**

What makes it special?

The Dhikala zone offers exclusive access to the park's rich wildlife, from the majestic **Royal Bengal Tiger to elephants, leopards, deer, and a variety of bird species.** The vast grasslands provide the perfect landscape for big cat movements, offering high chances of spotting a tiger in its natural habitat.

Adventure seekers will love the iconic **Dhikala Forest Rest House, where staying overnight brings the sounds of the wild right to your doorstep, making it a surreal experience.** A safari here is not just about tiger sightings, it's an unforgettable immersion into nature's raw beauty.
